## Series Scanners

## Professional-grade scanning for the desktop

If you want high-quality and efficient scanning right by your side, you've come to the right place. Packed with professional-grade scanning features, this entry-level scanner bundle is the perfect solution for small offices or departments that need convenient, high-quality scanning solutions.

And the best part? **Sidekick** Scanners can boost productivity and provide picture-perfect images while snugly sitting on your desktop.

The 1200 model can scan at speeds up to 23 pages per minute (ppm), while the 1400u Scanner delivers up to 43 ppm and also includes ultrasonic multi-feed detection.

Both models:

- Include **VRS** Professional software for image enhancement
- Deliver a low overall cost of scanning by making sure that you don't have to deal with fuzzy images or handle frequent, time-consuming maintenance tasks

### New to scanning?

**Sidekick** Series Scanners deliver high-performance document imaging to medical, legal, insurance and financial offices, as well

as departments of hospitals, government agencies, law firms and educational institutions.

An ideal fit for distributed scanning environments, both **Sidekick** models are loaded with productivity and image enhancement features that make it easy to get high-quality digital images of all your important documents.

### Productivity

- The **Sidekick** Series is built to reduce document preparation and save scanning time
- Impressive daily duty cycles
- High-capacity document feeder

### Image quality

Both **Sidekick** Scanners are bundled with image enhancement features for auto-cropping, brightness and contrast control. This means you can get high-quality digitized images every time you scan.

Choose **Kodak Sidekick** Series Scanners and make scanning one of the easiest tasks in your busy office or department!
